We would like you to contact us so we can come and talk to your group about hospice care. Some people don't understand the term 'Hospice' and you can help change that starting with your family and friends.

If each unit in York and the surrounding area learned about the hospice, gave some time, raised funds or acted as hospice ambassadors the impact will be felt across the whole community. That could help us make sure more people receive more care when they need it.

Please get in touch with us; we'll help you to help us. We look forward to meeting you and learning about your ideas.
